VOLUME XV THE CLEARFIELD PROGRESS, CLEARFIELD PA. TUESDAY EVENING, SEPTEMBER 6, 1921. NUMBER 236

Preparedness Rules In Ireland GUNWOUNDS CLAIM TWO VICTIMS IN CLEARFIELD COUNTY

Irish Factions Rush Preparations For Breaking Of Black War Clouds

**Ulster Volunteers Being Recruited Up
To Full Strength--10,000 Ex-Soldiers
Are Recruited. Irish Are Drilling**

Dublin, Ireland, Sept. 6.—All factions in Ireland were today rushing preparations for war. The Ulster Volunteers, according to a correspondent of a London newspaper, were being recruited to their full strength. Ten thousand ex-service men have already been enrolled. Rifles and ammunition will be given out in a day or so, the correspondent said. Irish Republican troops in Dublin today showed no signs of uneasiness, although reports from the hills told of marching and drilling of large bodies of Sein Fein soldiery.

SHIPWORKERS IN CORK SEIZE THE HARBOR VESSELS

Raise The Red Flag And Eject Customs Officials From Offices.

Cork, Sept. 6.—Workers in the Cork harbor today seized the harbor vessels and various customs buildings, raised the red flag and announced the harbor is to be run for the benefit of the men. The men's demand for a minimum wage had been refused, and they ejected the harbor officials from their offices. They prevented pilots from boarding ships and started to collect the harbor dues. The majority of the men on the harbor board are Sein Feiners and they offered the disgruntled men the arbitration of the Dail Eireann, the Sein Fein parliament but this was refused. Troops of the Irish Republican Army have been called out to help the police keep order. It has been suggested the Irish troops refuse to eject the workers.

EIGHT CAGED IN CITY LOCKUP ON SATURDAY NIGHT

Home brew and other decoctions were very much in evidence in Clearfield Saturday night last and as a result the lock up was used to cage no less than eight drunks and disorderlies. The local and State police horded in on a First Ward poker game at 2 a. m. Sunday morning. The gamblers put up a forfeit and settled with the Mayor this morning.

GOLD VALUED AT 20 MILLIONS IN N. Y.

New York, Sept. 6.—Gold bullion valued at nearly \$20,000,000 has arrived in New York this week end. Thirty-four million dollars worth more is on the way according to an announcement made by the Dow Jones Financial News Agency here today.

ONE BURNED IN TENEMENT FIRE

New York, Sept. 6.—One man was burned to death in a fire which swept a tenement house here today. Fifty persons were rescued by firemen. Sholl Smiel, a native of Turkey, was trapped in a room and firemen were unable to reach him.

- WILL CLOSE STORES
WEDNESDAY AFTERNOON**
- The following business houses have agreed to close tomorrow, Wednesday afternoon instead of Thursday afternoon.
 - All hardware stores, J. S. Beahan, Wm. Boyce & Son, Fred A. Dale, Wayne Norris, Ross & Woods, Thorn Bros., Union Labor Store, F. A. Walker, Shaw Brothers, R. C. Shaw, Grocery, Overly Bros. Tilliland Bros.

PEACE REIGNS IN WEST VIRGINIA TROUBLE ZONE

Union And Non-Union Miners Resume Dig- ging As Truce Grows.

Logan, W. Va., Sept. 6.—Union and non-union miners were to resume their digging today as signs of a truce once more settled over the West Virginia coal fields. Everything was quiet and the Federal troops were awaiting orders to withdraw. Protests against the immediate withdrawal of the regulars is expected today on behalf of citizens who anticipate fresh trouble from union miners as soon as the troops depart. An alleged conspiracy to extend the armed uprising to Mingo county was disclosed to Federal authorities, who appear, however, to be satisfied that the situation is now well in hand. Making Game Battle for Life Charleston, W. V., Sept. 6.—A game battle for life is being waged against big odds by Corporal Alex Hazelton, of Wilmington, Del. the only member of the crew of five of the government bombing plane which crashed in Nicholas county, to survive. Hazelton is in a local hospital. He sustained fractures of both legs and serious internal injuries.

Will Withdraw 26th Infantry.

Washington, D. C., Sept. 6.—President Harding today decided to withdraw part of the Federal forces now in West Virginia. The President directed that the 26th Infantry be returned to Camp Dix, Secretary Weeks announced after a conference at the White House today.

AUTOS IN CANADA

Regina, Sask.—Recent figures published by the provincial government give the number of automobiles in Saskatchewan in 1920 as 60,325, as compared with 55,010 in 1919 and 45,880 in 1918. The total number of motor vehicles in 1908 was 74.

18th Wins Prize

Mrs. Cecil Hearn has 18 children. And that's not the half of it! This eighteen child, which she is holding in her arms, won a beauty contest at Isleworth, England, in competition against 200 others.

SOCIALISTS PLAN TO WELD RADICAL ELEMENTS IN ONE

Nation-wide Campaign Is Being Conducted By Socialist Party.

Washington, D. C. Sept. 6.—Mobilization of radicals of all shades of opinions into an effective political unit is the aim of the American Socialist party, it was revealed here today. A nation wide campaign is being conducted by the Socialist National Executive Committee, it was learned.

FORMER BANK CASHIER INSANE- SHOOTS FAMILY

Ormsby, Minn., Sept. 6.—Frank Kleeow, former bank cashier, who killed his family of six while they slept, and then shot himself, was insane, police declared today. They say no other reason could be assigned. Kleeow's accounts were in good shape when he resigned from the bank earlier in the week without giving any reason. Besides killing his wife, he killed his five children, ranging in age from three to sixteen years. They had all apparently been chloroformed before they were shot.

POLICE QUELL MUTINY ABOARD VESSEL

New York, N. Y., Sept. 6.—Sixty police and sailors were injured in two terrific battles which took place aboard the freighter Chester Kwanis, a Shipping Board vessel, before the mutiny which broke out about midnight was quelled. An S. O. S. call for help was sent out. The police reserves rushed down the harbor and boarded the vessel with drawn revolvers. They found a general battle in progress. Delay in docking the vessel, which arrived Saturday, is believed to have been responsible for the outbreak of ill feeling among members of the crew, which came to a head early today. As the police boat drew near the vessel sounds of the battle raging on her decks came clearly across the water, and occasional flashes and reports of revolver fire could be seen and heard. The captain was found barricaded in his cabin. He had been severely beaten.

GRAND JURY CONVENES HERE MONDAY MORNING

**Lewis C. Meise Ap-
pointed Foreman Of
Jury By Judge Bell.**

189 CASES LISTED FOR EXAMINATION

Civil Court Opens With Damage Suit Over Stray Cattle.

The September Grand Jury began its labors yesterday. Lewis C. Meise of South Fourth street was appointed Foreman by Judge Bell. The September term of criminal court is the heaviest in the history of the court, there being 189 cases on the list for trial. Criminal court will convene Monday, September 19th. Civil Court Opens Civil court opened this morning with the case of Mike Magilinski vs Phineas Read on trial. This is a suit for damages for trespass by a herd of cattle. Read who runs a dairy over in Jefferson county owns a herd of twenty cattle which came across the Clearfield county line and foraged on Magilinski's farm. The farm owner impounded the cattle on their second offense and when the owner came for them nineteen were turned over to him and the twentieth cow held as sort of hostage for the damages done. The cow was retained by Magilinski for a period of three months before Read gained possession of it again and suit is brought for \$120 alleged to be due for the damage done by he herd and the three month's board of the hostage cow. Magilinski is represented by W. C. Pentz and W. C. Miller, while J. A. Gleason is looking after the interests of the cow owner.

FRANK SHAW BADLY HURT IN AUTO CRASH SATURDAY

Was Passenger In Car Which Collided With Tree Near Woodland.

Frank W. Shaw, of the West Side, is a patient in the Clearfield Hospital suffering from injuries received in an automobile accident which occurred just beyond Woodland Saturday evening about 5 o'clock. A car in which Mr. Shaw was riding collided with a tree along the roadway and he received a badly lacerated head and other bruises. He is not seriously injured and will be able to leave the hospital in a day or two.

Mrs. Ruth Barnett, and son Robert have returned to Cleveland after spending some time with relatives here.

Endurance!

Marion Goebel, student at George Washington High School, New York City, swam across Long Island Sound and back. That's not all. She towed a canoe. That's not all. Well, then, there were three men in the canoe and she had 521 pounds in tow. Ain't that sumthin'!

ATHLETICS WILL PUT FINALE ON BASEBALL YEAR

Weatherman Willing, The Terriers Will Put Lid On Wednesday

Tomorrow afternoon, unless the Weatherman plays us false, Clearfield will wind up the fastest baseball season ever recorded in this staid old borough. Weather permitting, at 3 o'clock Wednesday afternoon the "Umps" will cry "play ball" for what is hoped will be a fitting finale to such a season.

Connie Mack and his Athletics are scheduled as the attraction on the Driving Park Diamond, and it goes without saying that it will be a battle royal. Connie, who is a personal friend of Manager Izzy Hoffman's, has pledged his word to put in his best squad, and Manager Izzy has materially strengthened our own line up for the occasion. It goes without saying that the Terriers will make the Athletics believe they have been in a real ball game before the fray is over.

Just who will do the hurling for the locals is easy to figure. Manager Izzy has two selections, Lefty Taylor and Lefty Bishop. Both of these lads are scheduled to join

Continued on Page Three

LEGION MUSICIANS RETURN FROM BIG BOALSBURG MEET

The local American Legion Band, which journeyed to Boalsburg Saturday to take part in the big Boalsburg Reunion which was attended by 1500 officers of the 28th Div. returned to Clearfield Sunday. The band numbering 35 members, made the trip to Boalsburg via automobile, but many chose the trains coming back. Some of the men left Sunday evening, and the remainder rolled into Clearfield Monday afternoon. All report they were given the best of receptions.

BULLETS TAKE TOLL OF TWO LIVES IN COUNTY SATURDAY

Another Murder Occurs At Madera-- An Accidental Death At Hunting Camp

Madera Man Is Slain By Boarder--Self Defense Claimed By Gun Weild- er Now In Hospital.

Madera was the scene of another fatal shooting affray on Sunday morning last in which Dominick Pelaggi, aged 45 years, met his death while John Cavalier, the alleged murderer of Pelaggi, is a patient in the Clearfield Hospital, in the custody of Sheriff Gorman, suffering from a gun shot wound in the groin. Pelaggi and his wife ran a boarding house at Madera and about 1 o'clock Sunday morning a boarder returned to the house very much under the influence of liquor. Pelaggi was aroused from his sleep and coming down stairs opened the door to let the boarder in. When he saw the condition he was in Pelaggi ordered the boarder to get his belongings and leave the place. Cavalier and several other men had accompanied the boarder to the house and they resented the action of Pelaggi. A fight ensued and Pelaggi was shot down, five bullets penetrating his body and caused almost instant death.

Claims Self Defense

Cavalier confessed to having done the shooting but claims he did so only after Pelaggi opened fire on him and had shot him in the groin. District Attorney Arnold was notified early Sunday morning and with Sheriff Gorman went to Madera and placed Cavalier under arrest. He was brought to the hospital. The bullet was removed from his body on Monday and he is now getting along in a satisfactory manner. Pelaggi, the dead man, leaves a widow and two children.

SCHOOL BELLS CALL STUDENTS TO LESSONS

Opening Day Indicates Attendance Will Be Greater Than Ever.

Tuesday morning the school bells called the youths of Clearfield to their studies once more. After three months vacation the youngsters returned to school to tackle another nine months mastering the three "R's." Many welcomed, in fact, waited eagerly for the opening session, while others negotiated the journey between home and school with a scowl on their well scrubbed faces. However, the attendance is reported well in advance of last year's mark. It is expected that all classes will get into full swing within the next day or so, and before long vacation time will be a thing of the past, or rather of the future.

CABINET MEETING ABANDONED TODAY

Washington, D. C., Sept. 6.—The usual cabinet meeting with President Harding was abandoned today. The President arrived in Washington from his week end cruise at 11 o'clock this morning and went directly to the White House where he plunged into the accumulation of business on his desk.

Leslie Derrick, the 22-year-old son of Mr. and Mrs. A. A. Derrick, is dead as the result of a shooting accident which occurred at the Merrill Office hunting camp on the Penfield mountains on Saturday last. Derrick, accompanied by Abe Richards, Frank Ross, and a number of other West Side young men, went out to the camp Saturday for the purpose of remaining there over Sunday. Fired At Hawk. They had with them a 32 Special Winchester rifle and Derrick fired a couple of shots at a chicken hawk that was circling about the camp. About 1 o'clock the party gathered on the porch of the camp while dinner was being prepared by the cook. Derrick and Abe Richards were sitting side by side reading, when the hawk returned. Ross told Derrick the hawk was back in range and the young man told Ross to get the rifle and try a shot at it.

Stumbled And Fell. Ross then entered the camp, procured the rifle and started out for the purpose of shooting the hawk. The front steps at the camp are broken and Ross slipped in descending them. As he started to fall the gun was discharged and the bullet struck Derrick in the arm. It went through his arm, penetrated his abdomen and lodged in his back, inflicting a wound which caused his death some three hours later.

Ran Mile For Help. Immediately following the shooting Ross ran a mile through the woods to the State house on the Penfield road and telephoned for Dr. Piper, who drove at once to the scene. When Dr. Piper arrived he saw that the young man was fatally injured and made him as comfortable as possible until the end. He was conscious almost to the end and freely exonerated young Ross, stating that the shooting was purely accidental.

Dead Youth Had Many Friends.

Leslie Derrick was an industrious young man and enjoyed the respect and esteem of a wide circle of friends. He was a warm friend and chum of young Ross for several years and the latter is very much broken up over the unfortunate affair.

FIRST REHEARSAL OF FIREMEN'S MINSTREL TO BE HELD TONIGHT

Members of the local Fire Companies have many times had their countenances blackened while in the pursuit of their duty, chasing the festive and otherwise flames to their lairs and dousing them, but those directing the big Home Talent Minstrel show that will be staged for the benefit of the Firemen's Association do not permit this to lead them to be belief that it is a prime qualification for taking part in the show. Quite on the other hand, each and every member of the troupe has been called on to show up at No. 1 Firemen's Hall tonight at 7:30 for the first rehearsal of the season. It has been impossible to notify many of those who have taken part in past home talent performances of the rehearsal date, but the directors ask that everyone who wishes to take part in the minstrel put in their appearance tonight whether they have been invited to participate or not.

50 good cigarettes for 10c from one sack of

GENUINE "BULL" DURHAM TOBACCO

The opening exercises of Labor Day program yesterday morning was a two-round bout between two of Curwensville's young men. There were no prizes offered, but one of the contestants received a very beautifully decorated eye, an ornament which he carried throughout the day.

Up-to-Date Economy. One little economy which all stenographers can practice is to chew their gum on both sides.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Dorsey Black and wife who have been located over in Huntingdon county for several months past, came into Curwensville on Saturday evening and spent Labor Day with town relatives. He is employed on the State Highway in Huntingdon county.

A genuine friendship social was held in the Methodist church last Friday by the members of the Ladies' Aid Society. It was the time of the year when the mite boxes were to be opened and contents counted, which was done, the contents footing up to the sum of over ninety odd dollars.

Mr. and Mrs. J. G. Gates and Mr. and Mrs. W. L. Dale, of this place, motored over to Altoona on Saturday and spent Labor Day with friends and acquaintances, having enjoyed a very pleasant two or three days' outing.

Howard Addleman, who is employed in the U. S. mail service and residing in the city of Spokane, Washington, returned to his western home Monday after several weeks' visit with home folks.

Miss Annie Hill has returned to Curwensville after a four months' absence in Clearfield and other towns nursing private patients. She will take a month's rest before resuming her duties.

Clyde Black and Miss Ruth LaPorte, two young people who reside on upper Pine street, were quietly married at Clearfield last Saturday afternoon. The young couple returned to Curwensville the same evening.

Charles McClure who has been an active foreman on the State Highway now building between the Draucker woods and Luthersburg, has resigned that position and has accepted a like position with another company who are building roads in another part of the county.

Watt M. Thompson, a former resident of Curwensville, spent several days with friends in town during the latter part of last week. He is now living with a daughter, Mrs. Archie Davidson, near Williamsport, Pa.

Joseph Mahaffie, a former Curwensville resident now living in Altoona for a number of years and employed by the P. R. R. Co., spent Saturday, Sunday and Monday renewing old acquaintances of his boyhood days.

W. G. Lehey and wife, of Lock Haven, spent several days in town this week being guests in the household of

Mr. and Mrs. W. A. Thompson. The gentleman was for several years general manager of the Bickford store company, and during the residence of himself and wife made many warm friends here.

The lady members of the Presbyterian church have completed arrangements by which a new carpet covering will be put on the floor of the large auditorium and also the Sunday school rooms, within a very short space of time now. The cost of the new carpets will be something over \$1,000. The ladies have worked long and unceasingly to enable them to make this much needed improvement and are to be congratulated on its final accomplishment.

The barn belonging to Charles Bowers which was burned down a few weeks ago, will be rebuilt, the size of the new building being 18x30, a little larger than the structure that was destroyed by the fire.

Most of the merchants closed their stores on Monday as per agreement with the American Legion.

J. L. Curtin, now employed by the Colegrove Coal company, in Cambria county, came home on Saturday evening and spent Sunday with Mrs. Curtin and children. He reports that all

of the prominent coal mines in his section of Cambria county are working full time, with a promise of the continuance of the same.

John Tate and daughter, residents of Junkinsville, Pa., arrived at the home of Mr. and Mrs. Maneval, South Side, on Saturday evening and will spend several days with Mrs. Maneval, Mrs. Tate's sister. James Maneval, an adopted son of the Manevals, also came home on Friday evening on a furlough. He has been stationed at Key West during the summer months playing a clarinet in one of the vessel bands, but lately was transferred to a ship at Norfolk, W. Va. "Jim" is a musician of some note in these parts and played with the American Legion band yesterday.

Despite the rainy, misty weather yesterday the management of Curwensville's Labor Day sporting day program carried out every number listed between showers. The rain during the evening before and at early morning before daylight, was the cause of a good many people remaining away from town, remembering, no doubt, their experience spent in town the night of the Red Men's amusements. The parade was not as large as was expected, but what was in line was very attractive and beautiful. The line led off, the American Legion cornet band leading, followed by a fancy float; next came a large contingent of men representing the miners' union; then followed, American Legion float, Robinson's, Helmholtz & Stewart, Kantar & Sons, Red Cross, Moose, Crescent, having several machines aboard showing how brick are made and pressed. There were several other floats in line which the writer did not see, but this does not keep him from expressing the opinion of the people who lined the sidewalks on both sides of the street that "they were the most beautiful an pleasing to look at" of any that have been hauled through our streets in years past. About

three o'clock the famous Rescue Hose and Ladder drill team gave one of their pleasing exhibition drills on State street, which was witnessed and loudly applauded as the squad went through the most intricate and difficult movements of their drilling system, making very few mistakes despite the fact that the team has not been together for a regular drill by Commander Benner for more than a year, proving conclusively that each member of the team had never forgotten one iota of the drill system which they had learned when they carried the banner of being the champion drill team of firemen in this broad state of ours. After the firemen had given their stunt and retired from the field, State Banking Commissioner Hon. J. S. Fisher, addressed a large and interested crowd of persons who were personally interested in the subject which he had chosen to discuss. The ball game which had been scheduled to take place between Altoona Lloyd A. C. and Curwensville A. L. did not materialize, from the fact that the visitors failed to appear on the field. About four o'clock a heavy shower of rain came along and drove all the people to the central part of the town, where they lingered around in more than a dozen different places until it was time for them to depart for their homes, feeling perfectly satisfied that had the rain held off until twilight they would have had a peach of a holiday and would have enjoyed themselves immensely. Joshua Earl Sipes Post, No. 505, American Legion, under whose auspices yesterday's sport program was gotten up and carried through deserve the thanks of the entire community, in their unselfish efforts to give to the populace a day of amusement and sport at no cost to the people. For one thing it kept the folks at home where they were able to mix together and renew old friendships and meet new friends. All thank the boys who devoted their time and labor, and spent some money besides of their own, that all might be enabled to remain at home and pass an enjoyable holiday.

Squire John A. Dale was summoned to a house on South Pine street Saturday evening for the purpose of uniting in wedlock Mr. Asceneiro Pianelli and Miss Marie Pissillie, two natives of sunny Italy. Sunday morning the newly weds left Curwensville for New York where they expect to spend some days and at the expiration of that time will sail for Italy, where they expect to make their future home. The young couple have a host of friends talking the Latin language in this town who will wish them well the balance of their wedded bliss.

Sherman Malloy, at present employed in a glove factory in Gloversville, N. Y., left Sunday for a return trip to that village after spending several days with his parents, Mr. and Mrs. Joseph Malloy, South Pine street.

Your Tongue Can Tell!

Heathmade Carbonated Ice Cream Is Super-Pure and Better!

THE minute you taste our Heathmade Carbonated Ice Cream you will distinguish a difference. Its new, fresher, cleaner, more flavory taste will make you exclaim: "Oh, how delicious!"

You'll note a smoother texture, a keener fragrance, a more delicate type of ice cream than you ever tasted before. Carbonating does this and adds richness to the pure, selected ingredients used in manufacturing it.

Heathmade Carbonated Ice Cream Is Better

Not only is our Heathmade Carbonated Ice Cream nicer, but it is a better ice cream than we have ever been able to make before. This is due to the fact that it is frozen in a pure, sterile, germ-proof atmosphere.

If you look at ice cream through a microscope you'll note an infinity of tiny bubbles, or cells, full of atmosphere all through the texture. This is what makes ice cream easy to eat; otherwise it would freeze hard, like ice. In ordinary ice cream these bubbles are full of common air. In other words ice cream manufacturers may faithfully guard the absolute purity of all the elements that go into ice cream, then they add to it one element—air—which is never perfectly pure.

For aeration we substitute carbonation, using nature's purest atmosphere.

Best and Safest For the Children

Children are the greatest consumers of ice cream. Let them eat all they want, because ice cream is the finest food in the world for growing young bodies. Heathmade Carbonated Ice Cream is always the PUREST and BEST.

Ice cream is good food for growing youngsters because it is made from the rich cream of milk which contains all the precious vitamins—the growth and health element of food.

When you buy ice cream, whether you buy a dish at a soda fountain or in bulk for home use, insist that your dealer gives you our Heathmade Carbonated Ice Cream. He can get it for you if he hasn't it. Ask for

ODDS AND ENDS AND THINGS

"By Skinny"

Those Johnny Bulls sure are queer birds. Back in 1918 when they had their backs to the wall and a German hand at their throats the U. S. A. rushed boatload after boatload of doughboys across the ocean to save them from defeat. The liner George Washington, then a troop ship, backed into the Folkstone dock while unloading and damaged the same \$100,000 worth, so they claim. On Friday last the liner arrived in Folkstone and the British authorities impounded her and held her until this government put up the \$100,000 for her release. Grateful cusses, aren't they?

If you haven't made your two hundred gallons of wine for "home consumption", get busy, but don't sell any. Here is the law in the case "The penalties provided in this Act against the manufacture of liquor without a permit shall not apply to a person for manufacturing non-intoxicating cider and fruit juices exclusively for use in his home, but such cider and fruit juices shall not be sold or delivered except to persons having permits to manufacture vinegar."

Approximately 1,700,000 Pennsylvania children enter the public schools of the State this week.

About 250,000 more, including private school pupils and students at the highest institutions of learning, will begin work before the end of the month.

The school census just taken shows 1,800,414 persons between the ages of six and sixteen in Pennsylvania. The total number of pupils enrolled in the public school system of the state in the 1919-20 reports was 1,616,387 according to data on file at the State Department of Public Instruction. That same year there were 15,262 school buildings in use in the State, with 44,862 teachers. Last year, it is estimated, the number of teachers had grown to 45,113. It is generally reported that more pupils are expected this year because of the industrial depression, which has made idle many above the age of sixteen, who will turn to their books.

RYE BATH IS COMING

Legal sharps in Washington, who have followed the evolution and development of prohibition enforcement in the United States have discovered a hole in the Volstead law, "a thousand yards wide." They are preparing to press their advantage, one or more test cases bearing upon the quantity of whiskey which can be withdrawn on a physician's prescription are to be brought according to present plans.

It seems that Mr. Volstead in drawing the act designed to dry up the United States, muffed at least one mighty important point. This muffed left more than a loophole, it is

a complete breach of the dry works, in the opinion of the discoverer and at least one Government official. Prohibition officials assert they are not alarmed, however. They say a rule of reason and not of technicality will prevail.

In framing the medicinal whiskey provision of the Volstead act, Section 7, Title 2, it was provided that no physician shall prescribe more than one pint in any ten-day period to be taken for internal use by any person. There is no restriction on the external use. If a physician will prescribe two barrels for a rye bath, it is claimed that under the law the prescription must be filled.

The people of this country ate 40,000,000 worth of candy last year and despite the hard times 700,000 gallons more gasoline were used the past six months than during the corresponding period last year.

GIVE THE WOMEN A CHANCE

Since the day when sinful Adam turned state's evidence on Eve, And a flimsy web of guilt around his wifely tried to weave, Down through all the countless ages time has left along the trail Has the female had to suffer for the doing of the male.

"Twas the woman! 'Twas the woman!" rang the cry through Eden's bowers,

"Twas the woman!" yet we hear in these modern days of ours As the false bewhiskered sinners desperately try to place

All the blame upon the shoulders of the woman in the case.

So 'twill be till time has ended, till the sun is stripped of light

And the earth is in the blackness of the reverending night,

Till the sounding of the trumpet calls the dead from earthly sleep

And the heavenly inspectors separate the goats and sheep.

Even at the bar of judgment, when we're called upon to show

The extenuating features of our sinning here below.

There may be full many cowards who will stand with brzen face

And attribute their transgressions to the woman in the case.

Connie Mack's squad after it leaves here, and it is most likely Hoffman will give them both a chance to exhibit their wares to their future boss. Several Osceola players have been secured for the game.

Expect Record Crowd

Arrangements have been made to handle the largest crowd of the season at this game. It is expected the attendance will run well over the 3000 mark if the weather is at all promising. Extra bleachers, erected for the Labor Day game, will in all probability be augmented by the erection of another section along the race track on the grandstand side of the fence.

The grounds will be given a final dressing down tomorrow morning and should be in tip top shape. However, the local management is taking no chances on the vagaries of old Juke Pluvius. The game has been fully insured, and should the flood gates open so far in the morning as to preclude all possibilities of holding the game, the local management will thus be protected.

Walls 15 Feet Thick.

The walls of the keep of the Tower of London are 15 feet thick.

GYPSY BAND, CHASED FROM HERE, ROBS COUNTRY MERCHANT

Corporal Noyick and Chief Hitt used good judgment in driving the recent gypsy caravan out of Clearfield county as we note by reading the Altoona Mirror that this same band of gypsies entered a store over near Altoona, drove out the woman manager and after rifling the cash drawer of some \$10 or \$12 stole a quantity of merchandise and beat it. They were followed by the State police and arrested in Cambria county. They were brought back to Altoona and made to settle for their depredations.

Heatrola is Here!

Come and see the sensational new heater which "looks like a phonograph—works like a furnace"

HERE it is at last! The final solution of the heating problem for small homes—with or without basements. Not a stove, but a pipeless furnace no bigger than a stove. Installed in one of the living rooms, it will heat three to six connecting rooms, and heat them better than the ordinary stove heats one.

Estate HEATROLA

—the Parlor Pipeless Furnace

Words can't picture it. Pictures can't describe. Come see it. You'll be surprised and delighted. No iron parts to "black." No nickle parts to polish. The beautiful grained mahogany finish is a vitreous enamel—hard and smooth as glass. You can rub it and dust it with a cloth, just as you do your furniture.

Come in soon. We shall be able to get only a limited number of Heatrolas this year, so it will pay you to place your order early.

A PLAN TO STOP STREAM POLLUTION

(The Pittsburgh Post)

Those who have been leading the fight for the prevention of stream pollution will be greatly cheered by the news from Washington that Congress has become interested in the subject. Representatives from districts bordering on the Ohio River met with the chief of the army engineer corps Monday to discuss the situation, and it was decided to offer an amendment to the rivers and harbors bill prohibiting industrial establishments from discharging their waste matter into the streams until it has gone through a neutralizing process and destructive acids eliminated. It was asserted that the process would be inexpensive.

In view of the immense damage which the contaminated water has done, it was inevitable that sooner or later pressure would have to be brought to bear upon those responsible for the pollution to make them stop their harmful practice. The United States States engineers' office in Pittsburgh established by an investigation held in 1914 and 1915, in which 274 persons were interviewed, that acids in the local rivers cause a loss of from \$10,000,000 to \$14,000,000 a year to the industries of Allegheny county alone by corroding boiler tubes and other metal objects. Plumbers computed that the damage done to kitchen and bathroom fixtures added \$3,000,000 a year to their bills. Launderers brought out that the hardness of the water made Pittsburgh people unusually heavy consumers of soap. The acid, it also developed, was hard on clothing, as it destroyed the cellulose in the fibers of linen and cotton.

The mistake made by most of those who have tried to obtain relief from stream pollution, was that instead of emphasizing these losses, they harped on the killing of fish and the interference with recreation. The Legislature has never been much impressed with these pleas. Owners of mines and mills which have polluted these streams urged, with reason, that it was more important that they should be unhampered in their business than that the fishing should be good in Pennsylvania rivers.

Once the purity of the streams has been restored, there is no reason why they should not again afford the good fishing for which they once were noted.

Traveling by automobile over the week-end was more enjoyable than any time in the immediate past, due mainly to the fact that the rains of Saturday night and Sunday went far to lay the dust on many of the byways and mountain roads.

While the state has shown remarkable accomplishments in the way of paving state highways, one thing that could be done and would be welcomed by all motorists would be the oiling of every road anywhere near passable for automobiles in each county. This would open up a vista of travel otherwise shunned by motorists on account of dust, and provide a new territory, that of the hills and the valleys, to the week-end tourist, without the present dirt and discomfort.

Correspondence by airplane has been instituted between the Mayor of Kansas City, Missouri, and the Mayor of Omaha, Nebraska, by the American Legion of the former city. Legion officials flew to Omaha last week with the Kansas City Mayor's request to the Mayor of Omaha that he board the plane for a flight to the Legion convention at Kansas City October 31st. The Mayor of Kansas City will fly back with the other Mayor to attend the first aero congress in Omaha.

Now that the youth of Clearfield have passed through that endless period, between breakfast time and school time Tuesday morning, they will probably buckle down to their studies with renewed interest. The school buildings have been thoroughly renovated, the grounds put in good shape and to top it off the majority of the youngsters have cleared away the cobwebs of laxity that gathered during the closing weeks of the last school year, and are ready again to tackle the subject of education with the vim and vigor it requires.

Parents can be of material assistance to the school authorities by impressing upon their children the importance of making the best use of their time in the school room and by seeing to it that they allow nothing to interfere with such home work as may be assigned to them each day. Under the present system of education home work is essential, if the students are to keep up with their classes, but too often it is slighted or neglected altogether for unnecessary diversions, to the serious handicap of the boys and girls, simply because some fathers and mothers do not take sufficient interest in the education of their children.

A wave of deaths and injuries, accidental and other-and Clearfield county seemed to be included for its full share. Two deaths and one man seriously injured in an automobile accident was the toll here. One murder and one accidental death went to shatter the record of quietness that has dropped like a blanket over Clearfield county for the past few weeks.

HIS WIFE GOT MONEY

A man took suddenly sick. He was much worried because he had an important deal pending and he needed to borrow some money but he feared his bank would not loan money to him just then. His wife went to see the banker about the loan.

The banker said to her:
"We are glad to let you have this money because we know all about your husband's affairs. He has talked with us about this investment and we believe it is an opportunity to make some money for you."

"So tell Jim not to worry about this matter. He has ample life insurance in case any thing should happen to him. If you will come down to the bank as soon as you are ready to fix up the papers, we will be glad to help you close up this transaction in proper form and see that every thing is all right."

Think it over.

NEW YORK POLICE SUSPECT GOOD KILLERS ACTIVE

Four Italians Murdered During Last 24 Hours. Suspects Watched.

New York, N. Y., Sept. 6.—Four murders of Italians during the last 24 hours led police to believe today that the "Good Killers," the Sicilian organization of hired assassins, have resumed operations. Further killings are feared today.

Several suspects are being watched here and in Detroit, Buffalo, Pittsburg and other cities where they were active until recently.

Fire Destroys Town

Warren, N. H. Sept. 6.—Fire which brokeout in Wentworth early today threatened complete destruction of the town. Telegraph and telephone communication between Warren and Wentworth has been destroyed.

Damage \$35,000.

Wentworth, N. H., Sept. 6.—Two stores and seven homes were destroyed by the fire which for a time threatened to wipe out the town. Apparatus from nearby cities helped in placing the flames under control. The damage is estimated at \$35,000.

At Last! A New Kind of Coffee Blended by an Artist

The rich, gratifying aroma of perfectly blended coffee has no equal; but this perfect fragrance is not obtained in "straight" or "mixed" coffees, it can only be obtained by artistic blending.

At last a new kind of coffee has been created, the coffee that shatters all precedents by applying artistic principles to the blending —FRANCO-AMERICAN—

This coffee can now be had for your own home.

NOTED TRAIN BANDIT ESCAPES FROM PRISON

Trains In Far Northwest Carry Guards After Roy Gardner Escapes.

Tacoma, Wash., Sept. 6.—Mail trains throughout the Northwest today carried special armed guards, fearing a hold up by Roy Gardner, notorious railway bandit, who escaped Federal prison late yesterday. He had been serving fifty years for robbery, and escaped during a baseball game between prisoner teams.

FOUR DOCTORS GAVE HER UP

Through a Neighbor's Advice This Woman Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Kenosha, Wis.—"I suffered with a female trouble and at last was in bed for six weeks with what the doctors called inflammation of the bowels. Four of them said I could not live. A neighbor told me to use Lydia E. Pinkham's Vegetable Compound and it helped me from the start. When the doctor came I told him what I had taken and he said, 'Throw my medicine away and keep on with the Pinkham medicine.' I did and it cured me. If more women would take your medicine they would not suffer so. I have recommended the Vegetable Compound to lots of people and they have been satisfied." —Mrs. MARY RHAPSTOCK, 2704 Wisconsin St., Kenosha, Wisconsin.

When a woman is beset with such symptoms as irregularities, inflammation, ulceration, a displacement, back-ache, headaches, bearing-down pains, nervousness or the "blues" she should treat the cause of such conditions by taking Lydia E. Pinkham's Vegetable Compound, the standard remedy for woman's ills.

NEW MYSTERY IN DAY MURDER CASE Baffles Police

Department Abandons The Theory George Day Shot By Woman.

A new mystery was today thrown upon the killing of George Day when police practically abandoned theories on which they have been working.

Until today police have held the belief that Day was killed by a woman who believed her place in Day's affections had been taken by another.

Investigation during the last 24 hours, however has indicated someone, upon whose trail detectives have not yet hit, shot the former fur dealer.

FIVE WOUNDED IN GUN BATTLE IN LOVER'S LANE

Washington, D. C., Sept. 6.—Five persons were seriously wounded today as a result of a midnight gun battle between two men in a speeding automobile and two girls. Miss G. B. Dow, a school teacher, and Miss Minnie Mahack, an art student, were seriously wounded, along with three men who tried to protect them, when the occupants of the machine opened fire as they sped thru Lovers' Lane, where the two girls have a bungalow.

The girls said two men have been annoying them recently, and the police advised them to aim themselves.

Modest Estimate.

There are 1,244,873 excuses to give the wife for getting home late, but none of them are any good.

ARMY GETS ORDERS TO START AFTER RECRUITS AGAIN

Wholesale Discharges Of Enlisted Men Cut Down Army Personnel.

Washington, D. C., Sept. 6.—The War Department has issued orders for the resumption of recruiting for the army, Secretary of War Weeks announced today. This action was taken, Secretary Weeks said in explanation, because the recent wholesale discharge of enlisted men had brought the army's strength below the 150,000 mark set by Congress in the recent Army Appropriation Bill.

OLD MOOLEY WILL BAWL THURSDAY

Old Mooley rests serenely beneath the county seat where was once the habitat of an illustrious Jim. cat. While the cat met with detective destruction and has passed on into oblivion, Mooley hath her purpose, having been permanently established there by the grace and energy of the P. P. com. of the Hon. Borough Council. Her purpose is to bawl, not merely to produce a pleasing auditory sensation upon herself or anyone else, but she bawls for a purpose.

"Ball one" don't mean much in a ball game nor from Mooley, but when we hear the yellow bell in the middle of the night we instantly begin to wonder if she is going to "take another," by the time four bawls are reached the atmosphere of the four wards is resounding with the hasty tramp of many feet, soon the sirens are merrily answering the rankerous cough, the fire trucks whizz past the old lady's place of residence while her inward works continue sending forth those signals of distress from the highest Court House tower. Brief seconds more; an incipient blaze is located in somebody's wood shed or bake shop, a few well directed shots of the proper chemical containing the necessary kick and then comes Chief Kreher's most pleasing announcement of the day "All but, gather up your hose." We wend our silent way back to the hose house, thence to our homes to resume our session of refreshing unconsciousness in the arms of Morpheus.

The volunteer fireman lives in constant expectation of the summons; whether he be asleep or at work, at business or recreation, he answers the call to duty for the public good. Responding to the fire call is but one of the duties he voluntarily takes upon himself.

The day of the bucket squad has passed. Costly equipment is required in these modern times; it is absolutely essential in preventing small fires from becoming large and devastating conflagrations. You cannot back an elaborate fire truck into an abandoned shed, leave it there unnoticed and untouched until needed very quickly, then expect to find it in capable working condition. Proper housing conditions are necessary for the care of fire fighting apparatus; the houses themselves require attention and labor; the apparatus must have frequent attention and testing by experts in order to be always certain that it will function properly when needed.

Once a fire starts it keeps right on making headway and won't wait the pleasure of any extinguishing apparatus that may not be ready for

service upon less than a minutes notice.

Maintaining the houses and equipment necessarily entails some expense which must be met. Back of all this must be an organization and here again enter some items of expense.

The firemen receive no compensation for their services at fires, nor for keeping the equipment in readiness. It is not expected that they themselves should pay the expenses of the organization and the upkeep of the apparatus.

In order to provide funds with to meet these various items of expense the Clearfield Fire Dept. will hold an ice cream and cake, etc., etc festival on or about the Court House corner Thursday evening, Sept. 8. When you hear the sweet sound of the fire alarm upon that evening come hastily to the scene of the festivities and generously patronize the Firemen. You will be treated well and often as long as your spending money lasts.

The American Legion band will give a concert at the same time and place, so everybody will have an opportunity to eat ice cream and listen to good music for the price of one admission.

MATEWAN STREET MURDER CASES UP IN COURT

Industrial Faction Feeling Runs High As The Defendants Appear.

Williamson, W. Va., Sept. 6.—Factional feeling stirred up in West Virginia's recent mine war trouble was kept up today when murder trials resulting from industrial fighting at Mattewan in May, 1920, were called in district court here. Nineteen defendants were present when the session began.

Sid Hatfield and Ed Chambers, two of the principal defendants, were recently killed at Welsh, W. Va. The cases called are for the murder of seven Baldwin-Felts detectives who fell after a street battle with citizens after they had evicted striking miners from their homes. The first trial, last May, resulted in an accidental on the charge of murdering Albert Felts, leader of the detective forces. Indictments charging other murders are pending.

Postal Prisoners Make A Getaway

Toledo, Ohio, Sept. 6.—Joe Urbaytis, Charles Schultz and George Lewis, alias Rogers, convicted of conspiracy in connection with the \$1,000,000 robbery of the Toledo post-office last February, and awaiting trial on charges of robbery in the same case, escaped the county jail here at 1:30 yesterday.

A Remarkable Washer at a Remarkable Price \$100

Easy Payments

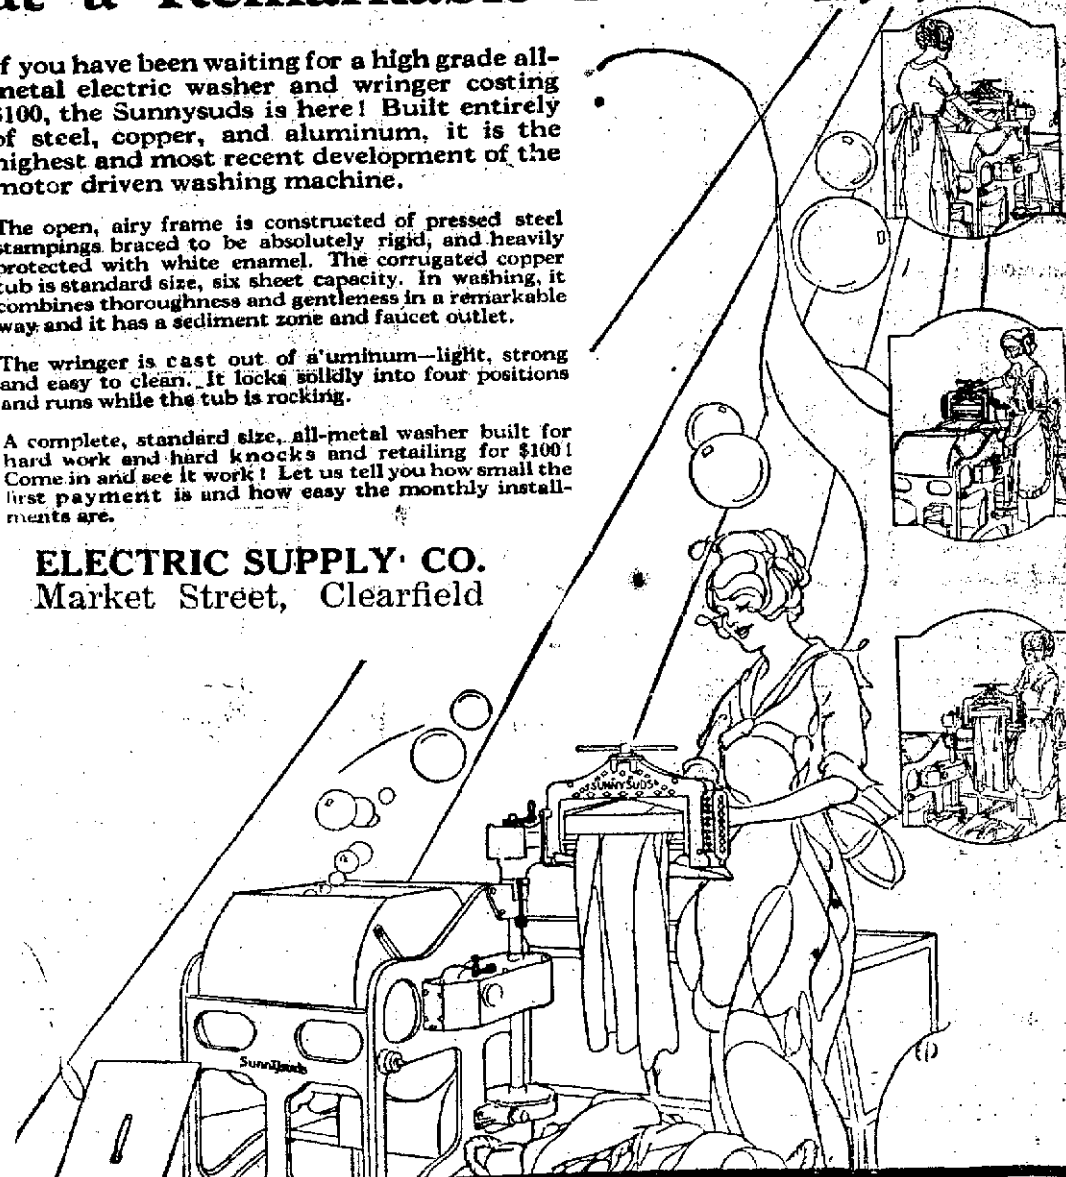

If you have been waiting for a high grade all-metal electric washer and wringer costing \$100, the Sunnysuds is here! Built entirely of steel, copper, and aluminum, it is the highest and most recent development of the motor driven washing machine.

The open, airy frame is constructed of pressed steel stampings braced to be absolutely rigid, and heavily protected with white enamel. The corrugated copper tub is standard size, six sheet capacity. In washing, it combines thoroughness and gentleness in a remarkable way and it has a sediment zone and faucet outlet.

The wringer is cast out of aluminum—light, strong and easy to clean. It locks solidly into four positions and runs while the tub is rocking.

A complete, standard size, all-metal washer built for hard work and hard knocks and retailing for \$100! Come in and see it work! Let us tell you how small the first payment is and how easy the monthly installments are.

FOR
CONSTIPATION
BEECHAM'S
PILLS

You'll enjoy the sport of rolling 'em with P. A.!

FIRST thing you do next—go get some makin' papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

Prince Albert is sold in "tippy red bags," tidy red tins, hand-some pound and half-pound tin humidor and in the pound crystal glass humidor with sponge moistener top.

DOWNEY-WILSON
BOUT IS LABELED
STALLING MATCH

Wilson Retains Title By
Lasting Limit But Gets
No Credit.

The Bryan Downey-Johnny Wilson
scrap at Doyle's Thirty Acres yester-
day afternoon is over, but the cham-
pionship is still in doubt, if all ac-
counts of the fray are to be taken
as true. While Wilson went the
limit and by so doing nominally re-
tains the title, eastern newspapers
decried the match as a most absurd
performance in which neither man
drew any credit. It is claimed it
was more of a stalling match,
with Downey being a shade the
best of it.

PARTING DINNER FOR
BALL PLAYERS AT
GOSHEN CAMP

Wednesday night members of the
Clearfield Terriers, their friends and
fans, will journey to the Goshen
Hunting Camp to partake of one of
the famous chicken suppers, the
kind that has made the place so pop-
ular. It is expected that over forty
will take their places at the long
tables when the cook calls the roll.
The party will leave the Diamond
Hotel in automobiles for camp.

STEELERS DEFEAT
TERRIERS IN LAST
GAME OF SEASON

Annex Final Contest By
Score Of 6-3. Fast
Game All Through.

These Osceola Steelers came over to
our baseball lot Monday afternoon
and rubbed it in again by trimming
our Terriers—not terrors—to the tune
of 6 to 3.

They even beat Johnny Meader to
do it, and that is a mighty hard propo-
sition for even the Steelers.

Was Real Ball Game.

The game was a hummer and good
to look at even though we lost. Mead-
er pitched fine ball and was entitled
to a better break than he got, so far
as his individual effort went, but the
visitors were a "little too heavy" for
us all around, and that tells the story.

The Last Game.

This was the last game of the sea-
son, barring tomorrow's contest with
Connie Mack's Athletics, and about
twelve hundred people turned out to
witness it. Everybody got his money's
worth and bid goodbye to the 1921
season with the hope of more good
baseball for 1922.

The score:—

There's a scientific
reason for to-day's
still better

ATLANTIC
GASOLINE

Scientific minds of a great organization have
succeeded in giving you a still better Atlantic
Gasoline in this season's product.

Today's Atlantic is higher in calorific units,
finer in balance, more thorough in results.

Its expansive force is greater. Ignition is
quicker. Combustion sharper and more com-
plete. More of its potential energy is developed
into live, active wheel-turning power.

In fact, you can feel the difference! Start-
ing is easier. Pickup is faster—acceleration
smoother. There's a noticeably steadier flow
of power; a more doggedly determined drive
in every piston stroke.

And in the matter of economy—you have
the recorder's positive word that Atlantic gives
you more miles to the gallon.

"There's an Atlantic Pump on the road
you are traveling"

TERRIERS TRIM MT. UNION TEAM HERE SATURDAY

Lefty Taylor, In Fine Form, Holds Mt. Union Scoreless Up To Last.

The Clearfield Terriers trimmed Mt. Union to the tune of 3 to 1 in a fast, snappy game of baseball at the Driving Park on Saturday afternoon last.

Taylor In Fine Form.

Lefty Taylor did the twirling for the locals and was in fine form, holding the visiting sluggers to four singles. Taylor should have had a shut-out to his credit, as a bad peg by Spiers, after a wonderful stop, was responsible for their lone run in the ninth.

Hershey pitched for Mt. Union and also put up a fine game.

The outstanding feature of the game was the great work of Benny Fileschifter at second. Fileschifter is the king of utility men and has played, and played well, about every position on the team, but his second basing on Saturday sure was great.

The score:

Clearfield	R	H	P	O	A	E
Spiers ss	1	2	2	2	1	
Zerkus 3b	1	1	0	1	0	
Russell lf	0	1	1	0	0	
Hoffman rf	0	2	1	0	2	
Seigfried 1b	0	0	12	0	0	
Fileschifter 2b	0	0	2	5	0	
Meador rf	0	0	1	0	0	
Hopper c	0	0	9	0	0	
Taylor p	1	1	0	2	0	

Totals	R	H	P	O	A	E
Mt. Union	3	7	27	10	2	
Brennan 3b	1	0	2	1	0	
Cranston 2b	0	1	3	0	0	
Rexon cf	0	0	2	0	0	
Hartel 1b	0	2	12	0	0	
Adams rf	0	0	2	0	0	
Uhl rf	0	0	0	0	4	
Hershey p	0	0	0	2	0	
Wagner lf	0	0	2	0	0	
Boyle ss	0	0	1	2	0

Two-base hits—Spiers. Struck out—by Taylor, 7. Base on balls—off Hershey, 3.

ANNUAL COUNTRY CLUB BALL GAME PLAYED MONDAY

Singlefooters Best The Married Men In Three Round Battle.

The annual Country Club baseball game between the Married Men and the Single Men was staged Monday. At least, three innings of the game were completed before rain halted the proceedings and the Married Men were glad enough to call it a day, even if the Single's were leading on the long end of a 1 to 0 score.

Just cast your eye over the line up and then you'll see how it was. Single Men: Powell, catcher; Wallace, pitcher; Fleck, first base; Weaver, second base; Dowler, shortstop; Patterson, third base; Shillingford, left field; Kennedy, right field. Married men: Gingrey, catcher; Lytle, pitcher; Wright Bigler, first base; Lea Walhner, second base; Lee, short stop; Reed, third base; Kerr, right field; Hartawick, left field.

Due to the fact there was no heavy slugging, no center fielder was required.

RAIN HALTS THE COUNTRY CLUB TENNIS FINALS

Jupe Pluvius Stops The Contest After Three Sets Of Singles.

Rain again proved the jinx of the Country Club net stars, and as a result, the Country Club tennis titles are still hanging in the balance, just where they have been for the past month. It had been proposed to play off the finals for both singles and doubles Monday afternoon. However, after three sets of singles in the opening contest, Jupe Pluvius put an end to the proceedings and play will not be resumed again until Saturday afternoon.

Van Valzah and Wilson were the principals in the afternoon encounter, with the former leading in the first leg of the race. Wilson won the first set 6-3. Van Valzah came back strong in the next set and won 6-2, running well in the next set and winning it 6-4. Van Valzah's back hand stroke was too much for Wilson in the last two sets, although the latter made up, in a great degree, by his work at the net.

As the finals are determined by the best three out of five sets, it will be necessary for the singles to be played off Saturday. At the completion of the single tourney, the twin title will be contested for. Powell and Dr. Woolridge will meet Van Valzah and Shillingford Saturday, weather permitting.

A good gallery was present at Labor Day's tourney, many out of town spectators swelling the ranks.

MANY LOCAL FANS ATTEND BIG SCRAP LAST NIGHT

Many local fans journeyed to DuBois last night to see the fall boxing season opener put on by the Columbia Athletic Club. No knockouts were recorded. However, the semi final was a fast bout, with Frankie Kirsh having the best of Tommie Stevenson. However, the latter, outweighed, put up a game battle and took a good deal of punishment in the opening rounds only to come back strong in the closing session.

Whitey Wenzel, who trimmed Young Jack Dempsey, found that his clinching tactics were of no avail when he bumped up against Johnny Shea in the ten round final. However, neither man was even knocked down. There was, however a world of action in the scrap, which would have met with better approval from the fans had Shea been able to get a couple of solid blows over on his heavier opponent. As it was the fight was a good draw with no kicks from either side.

Roger Snyder Breaks Leg In Baseball Game

Roger Snyder, manager of the East End Workman's store, broke one of his legs just above the ankle at the Driving Park Monday morning. Mr. Snyder was playing baseball with a West Side Sunday school team and broke his leg sliding into first base.

mitting.

A good gallery was present at Labor Day's tourney, many out of town spectators swelling the ranks.

Red Fetterman Wins Uniontown Auto Race

Uniontown, Pa., Sept. 6.—I. P. (Red) Fetterman, Pittsburgh's demon auto racer, won the 200 lap, 225-mile automobile classic race here today. Rounding over the track, thronged by 40,000 spectators, Fetterman, in a Dusenbergs eight, won the race in two hours and 15 minutes and six seconds, at an average of 98 and 8-10 miles per hour. Close on his heels, Jimmy Murphy came in second, two and one half laps behind Fetterman. Roscoe Sarles was third with an average of 98 miles per hour.

Daily Thought.

A thought is often original, though you have uttered it a hundred times. —Hobbes.

AMERICANS KEEP NET TITLE FROM FOREIGN HANDS

Forest Hills, N. Y., Sept. 6.—America's successful defense of the Davis cup was completed with two victories, giving the United States tennis team a clean sweep over the Japanese challengers. William T. Tilden, II, Philadelphia, defeated Ich-ya Kumagae, 9-7, 6-1, 6-1, yesterday afternoon and William M. Johnston, San Francisco, vanquished Zenzo Shimidzu, 6-3, 5-7, 6-2, 6-4.

HADN'T THE PEP TO GET UP AND DRESS, HE SAID

But Co. Old Reliable Builder, Nerv-Worth, Soon Restored His Vigor.

It is useless to give up hope and surrender to depressed feelings when Nerv-Worth will build you up so quickly. Proof that it will do this is found in hundreds of statements from satisfied users, one of which, written by J. E. Cecil B. DeMille's
PRODUCTION

"WHY CHANGE YOUR WIFE?"

A Paramount Picture

By WILLIAM DeMILLE

Where was the girl he married?
Where the lure, the glamour, the ecstatic sweetheart hours?

Faded into dull, drab matrimony.

Was he wholly to blame when another woman, aglow with the joy of living, slipped into the place in his life which his wife had left vacant? Was he?

A vital, intimate picture of the greatest problem of love and marriage. Dressed in all the luxury, color and feminine beauty that distinguished DeMille's "Male and Female" and "Don't Change Your Husband."

**GREAT ESTATES
BROKEN UP BY
HEAVY TAXATION**

Many English Estates Go Under The Auctioneer's Hammer.

By CLYDE A. BEALS
(United Press Staff Correspondent.)

London, Sept. 6.—The auctioneer's hammer is rattling ominously in England. The decentralization of large ownerships accelerated on both sides of the Atlantic since the war, is appearing now in the break-up of ancient estates.

Heavily increased taxation on land accompanied by costs of upkeep far in excess of increases in returns from rentals, makes the holding of large tracts of land not only an unprofitable but even a losing proposition. In 1920 one firm of auctioneers alone sold 349,695 acres of country property. This year thousands of acres of old estates are being sold weekly.

All England has just been startled by the announcement that the Duke of Portland made in an address to his tenants to the effect that his family can hardly hope to continue even another generation the possession of his famous country seat, Welbeck Abbey. This ancient estate, dating from 1154, is especially known for its great amount of underground passages and rooms. What seemed likely to necessitate the breakup of his estate, the Duke said, was the high death duty, known in America as the inheritance tax. This, in England, for estates valued at more than \$10,000,000 is 40 per cent.

The Duke of Portland is only one of many. The Duke of Bedford recently made public the statistics of one of his estates, showing that with the taxes and the charitable gifts, which were practically, if not actually, obligatory, the estate lost some \$25,000 in 1920. The Duke of Bedford has recently been selling much of his town and country property. The Duke of Devonshire recently sold Devonshire House, in the very fashionable Park Lane, London. The old historic house, which to Englishmen seems like one of the bridges back over the centuries, will probably be torn down to make way for a hotel.

**TOOK PLUMBER
LONG TIME TO
GET A DRINK**

Denver, Sept. 6.—(United Press.) Henry Turner, a Denver plumber, left a repair job for 15 minutes to get a drink of water and returned eight months and 10 days later.

Turned called at the home of Dr. Lillian Pollock, December 6, 1920, to fix a water pipe. At 7:45 o'clock that morning he left to get a drink of water, and told Dr. Pollock he would be back in 15 minutes. At 8 o'clock, the morning of August 16, 1921, Turner showed up at Dr. Pollock's residence and asked where his tools were, as he wanted to complete the job he had just left.

He refused to believe he had been gone eight months, and told physicians that he remembered of being struck on the head by something when he went out for 15 minutes, December 6. The next he remembered he said, was being in a hospital at Syracuse, N. Y.

Hard to Get.
They use stone money on the celebrated island of Yap. It's a good way to avoid floating debts.

CARD OF THANKS
A. A. Derrick and family take this means of returning their heartfelt thanks to the many friends and neighbors who so kindly assisted them during their trouble and bereavement incident to the sudden and accidental death of their son and brother, Leslie Derrick. We want to especially thank those who sent flowers and loaned their automobiles for the funeral.

**New Cloth Frocks Are Smart
from Their Unique Necklines
and Their Irregular Hems**

It is only when one tries to count up on her fingers the occasions on which a tailored Cloth Dress is the most correct Fall Costume, and discovers that she hasn't enough fingers to go round, that its serviceability is really appreciated. And there is more than a dash of style to the Frocks in this group. Of Poiret, Tricotine and the new Perllaine their straight lines and coat effects show a charming indulgence in ruffled lace gilets.

Prices range from

\$16.50 to \$75.00

See the new Jumper Dresses of Wool Jersey, Serges and Twills, at

\$5.95 to \$25.00

EXTRA SPECIAL!

Tomorrow we will sell all remaining 36 inch Figured Dress Voiles that formerly sold up to \$1.50 a yard.

Tomorrow out they go for

25c Yard

A. W. Leonardson Co.

**POOR OLD DOBBIN
HEADED FOR THE
HISTORY MUSEUM**

**Automobile Men Claim
Horse Rapidly Being
Displaced By Motor.**

New York, Sept. 6.—United Press.

The horse will be virtually only a subject for natural history museum in the United States within a decade," F. W. Fenn, secretary of the national motor truck committee, National Automobile Chamber of Commerce, declared today.

"This animal, which has served mankind for ages, is disappearing so rapidly as a result of his displacement by motor machinery that even now he is almost a curiosity in the larger cities.

"The value of the horse has depreciated to such an extent that thousands of farmers are holding onto them merely because they can't sell them, and when those they own at present lose their usefulness, they will be replaced by automobiles and tractors.

"Of course, the racehorse will remain with us, but in numbers he is negligible."

Fenn said the forthcoming report of the N. Y. board of health will show there are approximately 10,314 less horses and 1,784 fewer fewer stables in New York City today than in 1919.

"Other localities besides New York report similar reductions in the horse population," he said. "Registered stallions in Wisconsin decreased from 2,437 in 1918 to 1,688 in 1920. Ohio had 965,000 horses in 1917 and only 882,000 in 1919. One hundred and sixty horses were recently sold

in Portland, Oregon for chicken feed. "There were approximately 25,000,000 horses in our country two years ago. If these could have been disposed of, automobiles and motor trucks substituted the value of the wheat that could have been raised on the land then required to feed horses, would have been sufficient to pay our national debt, including the Liberty Bond issues to date."

**Sen. Beveridge Next
Choice For German
Ambassadorship**

Washington, D. C., Sept. 6.—America's next ambassador to Germany may be former Senator Beveridge, of Indiana, it was learned here today.

While Beveridge is not an avowed candidate for the post, his friends say that if the President tendered it to him they believe he would accept it. Harding has high regard for Beveridge's ability. He was one of the "best minds" at Marlon.

**DOCTOR UP YOUR
HEATING PLANT
NOW**

Prepare against freezing next winter by having us inspect your heating plant before everybody wants the same thing.

We repair any make of heating equipment.

11 S. C. Phone 262 J. 10 South Third St.

**THE KIDDIES HAVE STARTED SCHOOL
AND THEIR WANTS CAN EASILY BE
FILLED FROM OUR STOCK**

We've the greatest array of school supplies that we've ever shown. To be sure, the board furnishes the necessary things, but there's a lot of things that are dear to the hearts of the kiddies that are considered superfluous. But how dearly the kiddies love them!

Mary will be proud of a book bag. Jack will want a book strap. Then there's a lot of other things that they'll both want.

They'll tell you about it tonight or tomorrow. Why not give them their heart's desire?
